## *Jim Masterson*

These techniques are used by Jim Masterson on horses from all disciplines, among them, top level FEI International competitors including members of the USET Singles Driving and Jumping Teams and the USET Endurance Team 2006 & 2010 FEI World Equestrian Games and the 2008 and 2011 FEI World Endurance Championships.

Jim has presented his Method at Equitana Asia Pacific, Equine Affaire, and is the creator of the DVD, [Beyond Horse Massage](#), & [Equine Massage for Performance Horses: The Masterson Method™](#)

In 2011, Trafalgar Press published Jim's book, *Beyond Horse Massage* and distributes his DVD of the same title.

## **Masterson Method™ “Beyond Horse Massage” Seminar-Workshop**

In this “Hands-on” Weekend Seminar-Workshop, Jim will show you how to read and use responses of the horse to your touch to release accumulated stress in key junctions of the body that most affect performance.

Learn how to recognize what the horse is telling you through visual and palpable responses that enable you to get deeper releases of tension than the horse would otherwise be able to release on its own. This is a truly interactive process that results in a change in relationship, and an improvement in movement and performance.
