**Houck Summer Barrel Racing
Series Finals Weekend!**

Benefit For Nathan Jensen:

Nathan was diagnosed with a brain stem tumor on Thursday, March 18, 2010. This all started with Nathan having issues with his speech then starting having issues with his balance and weakness on his left side starting in his leg and then moving to his arm. taking part in a clinical trial in Pittsburgh, PA for immuno (vaccine) therapy. Our first visit will be June 6-7, 2010 and we will return every 3 weeks for 8 times and continue every 6 weeks for another 1.5 years. This will be a long journey for our family and everyones prayers and support is greatly appreciated!
